

Realise your career potential

Preparing for employment can be both an exciting and intimidating experience. With so many choices to make, it can be challenging to navigate all the options that will lead you to a career that excites, engages, and fulfills.

Care Squared Futures' experienced team of vocational practitioners work with you to explore your interests, talents, and goals to develop and implement your unique career plan.

The journey of a thousand miles begins with one step

To ensure your journey starts off on the right foot, our clinicians will get to know you to understand your employment needs and goals.

We can offer supports in many areas, including:

- Life skills and personal administration
- Social and business communication
- Self-motivation
- Accountability
- Goal setting and tracking
- Conflict resolution and negotiation
- Building resilience
- Money management/ budgeting
- Travel training
